

## DOMAINE DE MONTVAC CÔTES-DU-RHÔNE

### Fruity freshness

We make our rosé from young vines in the Vacqueyras terroir. Grenache and Syrah showcase their qualities of finesse and fruitiness. This supple and harmonious wine is meant for drinking in its earliest years.

### GRAPE VARIETIES

Equal amounts of Grenache and Syrah. Fruitiness is the key trait here, and the chalky-clay soil imparts aromatic complexity.

### VINIFICATION

The hand-picked grapes are directly pressed, with both varieties fermented together, followed by aging in concrete.

### FOOD PAIRING

Our rosé Cotes-du-Rhône is a summer wine with a fresh, subtle character that makes it a delightful companion for vegetables and cold starters.
