

## DOMAINE DE MONTVAC CÔTES-DU-RHÔNE

Exceedingly moreish

### GRAPE VARIETIES

This red wine flows from young vines in the Vacqueyras terroir. Grenache and Syrah grapes showcase their qualities of finesse and fruitiness.

We deliberately downgrade 15% of our noble terroirs to make our Côtes-du-Rhône wines. Although the youngest of these vines are not yet 10 years old, the concept of terroir is still key in determining the final quality of the wines.

### VINIFICATION

The grapes are picked by hand, destemmed, and gently pumped over to serve up a lush and supple wine whose core trait is the fruit's aromatic complexity.

### FOOD PAIRING

Fruity aromas and a subtle structure make this a complete wine that combines winningly from its first year with charcuterie and cooked vegetables - not forgetting grilled meats perfumed with Provençal herbs.
